Personal Statement

I believe APTRA is essential for the promotion of the interests and benefits of the travel retail industry. The association plays a critical advocacy role, providing support and guidance in critical matters, and I hope to support it in the best possible way.

As COO and BD Officer at ARI and also a Board member of Delhi Duty-Free, I believe I can add value to the board of APTRA. I will work hard to support APTRA's mission and will try to leverage my knowledge of the travel retail sector, my insights from other markets and my experience in similar industry bodies (ETRC, MEADFA and IAADFS).
